 - Classic control course.
 - PLC course.
 - Revit course.
 - Dialux
 - JavaScript Course (40 hour)
 - HTML5
 - CSS3
 - React JS
 - jQuery
-

Internships

On-site Technical Training at Badr-Eldin Petroleum company (One week)

- Training in operation and maintenance of electric equipment in oil fields.

Internship at EL-SEWEDY ELECTRIC T&D (One Month)

- Cost Control, Technical session, Management sessions, Site Visits and HR sessions.

Technical Training at CAIRO-WEST GENERATION POWER PLANT (Two week)

- Training in a HV electricity generation power plant.
-

Software

- AutoCAD.
 - DCIM.
 - Access System.
 - BMS.
 - Revit.
 - Microsoft Package
(Excel, Word, Power Point and Outlook).
 - Etap.
 - PvSys.
 - EKTS.
 - Dialux
 - VS Code
-
